Special sittings of the STAT test are held annually at Moss Vale Education Centre on in November/December. Date of the next Special sitting is 8th December, 2009. at 10:00 a.m.

STAT tests are held at other times and at other venues throughout the state. Refer STAT dates and venues.

What is STAT?

The Special Tertiary Admissions Test (STAT) is a series of related tests designed to assess a range of competencies commonly considered important for success in tertiary study. STAT assesses your ability to understand the material given and to think critically about issues, rather than to test knowledge of curriculum or a specific academic subject. Many tertiary institutions in Australia use STAT as part of their admissions procedure for certain categories of applicants, in addition to any other information available, when assessing your application for admission. If you have no formal qualifications on which to base your application to a tertiary institution, you may be eligible to be considered for entry to a course by sitting STAT. STAT results will be taken into consideration when applying for UOW Moss Vale Education Centre courses, as well as for other Universities.

Registration
