

NEW CERTIFICATE IV PATHWAY PROGRAMS IN SMALL BUSINESS AND HUMAN RESOURCES

Starting in 2017, the University of Wollongong (UOW) Southern Highlands Campus and TAFE NSW Illawarra will be offering the UOW Pathway Program to provide career training and a platform to further study in the Southern Highlands.

UOW Pathway Program allows students to complete a nationally accredited Certificate IV program with TAFE, while at the same time completing a UOW subject which provides the academic skills required for successful transition to university.

The program is run jointly at the TAFE NSW Illawarra Moss Vale and the co-located UOW Southern Highlands campus, in Kirkham Street, Moss Vale.

From 2017, the following Certificate IV programs will be offered:

- BSB42615 Certificate IV New Small Business
- BSB41015 Certificate IV Human Resources

Students completing the Pathway Program have a guaranteed entry into a Bachelor degree in Business, Commerce or Arts at UOW Southern Highlands

The Certificate IV modules are taught by staff at TAFE, while the transition modules are delivered by university staff, and address the academic skills required for success in the university environment, as well as providing career guidance workshops and access to UOW student resources.

Students are also eligible to apply for program sponsorship.
